Participant: **Dr. Gaylord Brown – Veterinarian at D.E.L.T.A Rescue**

General Synopsis for Episode #1221B

In this episode Pets.tv “Just Ask The Doggie Dentist” **veterinarian Dr. Gaylord Brown of D.E.L.T.A. Rescue** answers oral and dental health pet related questions. Dr. Brown informs the audience that pets need to have their teeth cleaned and examined just like people. Viewers will learn the causes of bad breath, how often pets should have their teeth brushed and the best kinds of dental products to use. During the show, pet owners learn the difference between stained teeth which happens as a pet gets older and tartar build up which can cause serious health issues for the pet. Dr. Brown shares that most cats do not like to have their teeth brushed and suggest using finger cots and/or chew toys to help clean a cat’s teeth. To avoid dental problems, Dr. Brown recommends brushing your pet’s teeth 2 -3 times a week and having frequent dental exams. Pets.tv factoids between each segment provide young viewers with additional informational facts about dental knowledge and care of dogs and cats.
